President of American Surplus Inc., Bill DiMaio Jr., began his career in sales back in 1985. As he rapidly excelled in the industry, Bill decided to take on an even larger endeavor, to start his own company. With hard work and determination, Bill DiMaio Jr. and his supportive wife Claire DiMaio, became the only husband and wife team in the used material handling industry. Claire took charge of the accounting department & human resources, with the help of their son, Bill DiMaio III. American Surplus Inc. is a family business, and when you work with family, you are treated like family.

A knowledgeable sales team with several members holding over 10 years of experience is an added benefit when contacting American Surplus Inc. Our trained staff not only provides the best prices on used materials, they also offer valuable advice on any project you may have in mind. Confidently work through your project, from the initial idea, to shipping and installation, and beyond, knowing our staff will be there to help during the entire process. We strive towards building long term relationships with our customers, and we do so by making sure every job is done right. [Click here for an inside look of ASI.](#)
